How research grants awarded to Saint Louis University and Washington University will address St. Louis' growing opioid crisis

These students will be placed in two community primary care settings to increase or 'scale-up' the psychology workforce within two regional locations where demand for OUD services is high and access is low. One is within St. Louis City with Family Care Health Centers while the other is in local rural areas through **Chestnut Health**Systems including using Telehealth to reach people who live in remote areas.

Burrell Behavioral Health Expands Connection Center to Improve Access

Same day screening and reduced wait times for services at remodeled facility.

INDUSTRY NEWS

Cigna: Uniting Medical, Drug And Mental Health Saves \$850 Per Enrollee

Though an internal report that would seem to favor a developing Cigna strategy, the analysis captures a broader effort by the health insurance industry to integrate more than just medical benefits into offerings they sell to employers and government clients.

New Harvard Research: To Be Successful, Chase Your Purpose, Not Your Passion

New studies shows purpose gives you grit, and that's what will get you ahead.

https://www.inc.com/jessica-stillman/new-harvard-research-to-be-successful-chase-your-purpose-not-your-passion.html?fbclid=lwAR2rA3 rAPviJ5mf5-ZnaWY9qcVzqSDrklnqad8SRyXruPWEBj5p6q1fxd4

The 3 most dangerous words in business

"The data says" (or some variation of it) is an oft-used trope in business - but can't imagine or invent. Data doesn't "say" anything because data can't talk.

https://www.smartbrief.com/original/2019/12/3-most-dangerous-words-business?utm_source=brief

NOTE: If we missed a recent (past 2 weeks) news article about your organization, please send the <u>link</u> to Lonnie Parizek at <u>lparizek@mhca.com</u> to be included in our next issue. Have something to report that wasn't covered in your local news? We'd love to hear all about it and link to news on your website! If you can't wait 2 weeks to read the latest news, follow <u>@mhca</u> on Twitter where we post these articles and many others daily.

We try to find articles and opinion pieces we think will be of interest to our members. Sometimes those who receive these e-mails may feel an article or opinion is not accurate based on its use of data or because it is not aligned with their views. **mhca** does not endorse any article it sends out as we try to rapidly share relevant industry information.
